

Amendments to the Specification:

Please amend the specification as follows:

Please add the following paragraph after the paragraph numbered 0024:

Figure 3 shows another embodiment of the height-adjustable, belt deflecting device.

Please add the follow paragraph after the paragraph numbered 0041:

Figure 3 shows another embodiment of the height-adjustable, belt deflecting device.

Instead of a helical spring or a mechanical spring, the tightening spring may, for example, be a compressed-air spring 245. A pump device 246 may be provided with which the compressed-air spring 245 can be placed under pressure.
